

## TLE-T10

LED Lightbulb  
for 12 VAC  
Landscape Lighting

## Introducing the TerraLUX LED T10— the revolutionary ultra energy-saving landscape bulb for 12 VAC systems!

**50,000 Hr.  
Life**

**TerraLUX<sup>®</sup>** state-of-the-art LED products are nearly unbreakable, won't burn out, and save energy. TerraLUX—the professional's choice!

- TerraLUX 1 watt LED T-10 lightbulb is equivalent to a 4 watt incandescent bulb—but lasts at least 50 times longer!
- Great for hard-to-reach locations—it won't burn out
- For 12 VAC landscape lighting
- Reduces dimming over long wire runs
- Pays for itself in energy saved (*see chart*)
- Pleasing warm white color
- One year limited warranty

**Money saved by using TerraLUX  
Lightbulb for Landscaping**
